Public Records Access

- 1.0 The Central Susquehanna Intermediate Unit (CSIU) Board of Directors recognizes the importance of public records as the record of the CSIU's actions and the repository of information about the CSIU. The public has the right to access and procure copies of public records, with certain exceptions, subject to law, Board policy and administrative regulations. The Board will make the CSIU's public records available for access and duplication to a requester in accordance with law, Board policy, and any administrative regulations.
- 2.0 The following definitions will apply to this policy:
 - 2.1 Financial Record--(1) Any account, voucher or contract dealing with the receipt or disbursement of funds of the CSIU, or the CSIU's acquisition, use or disposal of services, supplies, materials, equipment or property; (2) the salary or other payments or expenses paid to an officer or employee of the CSIU, including the name and title of the officer or employee; and (3) a financial audit report, excluding the audit's underlying work papers.
 - 2.2 Public Record--A record, including a financial record, of the CSIU that is not protected by a privilege defined under the Right-to-Know Law, is not exempt from being disclosed under one of the exceptions in the Pennsylvania Right-to-Know Law, or is not exempt under other federal or state law or regulation, or judicial order or decree.
 - 2.3 Record--Information, regardless of physical form or characteristics, that documents an CSIU transaction or activity and that is created, received or retained pursuant to law or in connection with a transaction, business or activity of the CSIU.  - 2.5 Response--Access to a record or the CSIU's written notice to a requester granting, denying, or partially granting and partially denying access to a record.
- 3.0 The Board will designate an Open Records Officer, who will have the following responsibilities:

 - 3.2 Review and respond to written requests in accordance with law, Board policy and administrative regulations;

 - 3.6 Maintain a log of all record requests and their disposition;
 - 3.7 Ensure that CSIU employees are trained to perform assigned job functions relative to requests for access to records.
 - 3.8 Perform all of the following upon receiving a request for access to a record: Note the date of receipt on the written receipt; compute and note on the written request the day on which the five-day period for response will expire; maintain an electronic or paper copy of the written request, including all documents submitted with the request, until the request has been fulfilled; and, if the written request is denied, maintain the written request for thirty (30) days or, if an appeal is filed, until a final determination is issued and required under the Right-to-Know Law, or the appeal is deemed denied.
- 4.0 A record in the possession of the CSIU is presumed to be a public record, unless it is exempt under the Right-to-Know Law, is protected by a defined privilege, or the record is exempt from disclosure under any other federal or state law or regulation or judicial order or decree. Upon the receipt of a written request for access to a record, the CSIU must make a good faith effort to determine if the record requested is a public record.
- 5.0 The following records are exempt from public access by a requester in accordance with the Right-to-Know Law. To determine if a requested record is exempt from access, the Open Records Officer will consider and apply each exemption separately.
- 5.1 Exempted records under the Right-to-Know Law:

6.0. Access to Records

- 6.1 The CSIU may not deny a requester access to a public record due to the intended use of the public record by the requester unless otherwise provided by law.
- 6.2 Requesters may access and procure copies of the public records of the CSIU during the regular business hours of the administration offices.
- 6.3 The CSIU's Open Records Officer will not grant requests for access to any computer either of the CSIU or individual employees of the CSIU.
- 6.4 A requester's right of access does not include the right to remove a record from the control or supervision of the Open Records Officer.
- 6.5 Nothing in the Right-to-Know Law or this Policy may be construed to modify, rescind, or supersede the CSIU's Record Management (Records Retention and Destruction) Policy and Records Retention/Disposition Schedule.
- 6.6 When responding to a request for access, the CSIU is not required to create a record that does not currently exist, nor to compile, maintain, format or organize a record in a manner in which the CSIU does not currently compile, maintain, format, or organize the record.
- 6.7 Information must be available to individuals with disabilities in an appropriate format, upon request and with sufficient advance notice.
- 6.8 The CSIU must post at the administration office and on the CSIU's Internet web site the following information:
 1. Contact information for the Open Records Officer;
 2. Contact information for the state's Office of Open Records or other applicable appeals officer;
 3. The form to be used to file a request, which may be the state Office of Open Records uniform form and/or the CSIU's own created form;
 4. Board policy, administrative regulations, and procedures of the CSIU relating to the Right-to-Know Law.
- 7.0 Request for Records. A written request for access to a public record must be submitted on the CSIU required form(s) and addressed to the Open Records Officer. Written requests may be submitted to the CSIU in person, by mail, to a designated facsimile machine, and to a designated e-mail address. Each request must include the following information:
 1. Identification or description of the requested record, in sufficient detail;
 2. Medium in which the record is requested; and
 3. Name and address of the individual to receive the CSIU's response.
- 8.0 Fees

- 8.1 The Board must approve and the CSIU must keep current a list of reasonable fees relative to requests for public records. Those fees include: (a) postage for the actual cost of mailing; (b) duplicating/printing at a cost of \$ 0.25 per page, \$ 1.00 per fax transmission page (including fax cover), and \$1.00 per computer disk; and (c) a certification fee of \$1.00 per certified page for certifying copies at the request of the person receiving the copies.
- 8.2 No fee may be imposed for review of a record to determine whether the record is subject to access under law.
- 8.3 Prior to granting access, the CSIU may require prepayment of estimated fees when the fees required to fulfill the request are expected to exceed \$100.
- 8.4 The Executive Director may waive the duplication fee when the requester duplicates the record or the Executive Director deems it is in the public interest to do so.

9.0 Response to Request.

- 9.1 The CSIU must not require an explanation of the reason for the request or the intended use of the requested record, unless otherwise required by law.
- 9.2 CSIU employees will be directed to forward requests for access to public records to the Open Records Officer.
- 9.3 Upon receipt of a written request for access to a record, the Open Records Officer will determine if the requested record is a public record and if the CSIU has possession, custody or control of that record.
- 9.4 The Open Records Officer must respond as promptly as possible under the existing circumstances, and the initial response time must not exceed five (5) business days from the date the written request is received by the Open Records Officer.
- 9.5 The initial response must grant access to the requested record, deny access to the requested record, partially grant and partially deny access to the requested record, or notify the requester of the need for an extension of time to fully respond.
- 9.6 If the CSIU fails to respond to a request within five (5) business days of receipt, the request for access shall be deemed denied.

10.0 Extension of Time.

- 10.1 Upon receipt of a written request for access, the Open Records Officer will determine if any one of the following applies:
 1. Redaction--the request for access requires redaction of a record;
 2. Retrieval time/remote storage--the request for access requires retrieval of a record stored in a remote location;

3. Staffing limitations--a timely response to the request for access cannot be accomplished due to *bona fide* and specified staffing limitations;
4. Legal review--a legal review is necessary to determine whether the requested record is a public record subject to access;
5. Lack of policy compliance--the requester has not complied with the Board policy governing access to public records;
6. Failure to pay fees--the requester refuses to pay applicable, established fees;
7. Nature of request--the extent or nature of the request precludes a response within the required time period.

10.2 If the Open Records Officer determines that an extension of time is required to respond to a request, in accordance with the factors stated in law, written notice will be sent within five (5) business days of receipt of request. The notice must indicate that the request for access is being reviewed, the reason that the review requires an extension, a reasonable date when the response is expected, and an estimate of applicable fees owed when the record becomes available.

10.3 Up to a thirty (30) day extension for one (1) of the listed reasons does not require the consent of the requester. If the response is not given by the specified date, it shall be deemed denied on the day following that date.

10.4 A requester may consent in writing to an extension that exceeds thirty (30) days, in which case the request must be deemed denied in the day following the date specified in the notice if the Open Records Officer has not provided a response by that date.

11.0 Granting the Request

11.1 If the Open Records Officer determines that the request will be granted, the response must inform the requester that access is granted and either include information on the regular business hours of the administration office, provide electronic access, or state where the requester may go to inspect the records or information electronically at a publicly accessible site. The response shall include a copy of the fee schedule in effect, a statement that prepayment of fees is required in a specified amount if access to the records will cost in excess of \$100.00, and the medium in which the records will be provided.

11.2 A public record must be provided to the requester in the medium requested if it exists in that form, otherwise, it must be provided in its existing medium. However, the CSIU is not required to permit use of its computers.

11.3 The Open Records Officer may respond to a records request by notifying the requester that the record is available through publicly accessible electronic means or that the CSIU must provide access to inspect the record electronically. If the requester, within thirty (30) days following receipt of the CSIU's notice, submits a written request to

have the record converted to paper, the CSIU must provide access in printed form within five (5) days of receipt of the request for conversion to paper.

11.4A public record that the CSIU does not possess but is possessed by a third party with whom the CSIU has contracted to perform a governmental function and which directly relates to that governmental function must be considered a public record of the CSIU. When the CSIU contracts with such a third party, the CSIU must require the contractor to agree in writing to comply with requests for such records and to provide the CSIU with the requested record in a timely manner to allow the CSIU to comply with law.

11.5 If the Open Records Officer determines that a public record contains information both subject to and not subject to access, the Open Records Officer must grant access to the information subject to access and deny access to the information not subject to access. The Open Records Officer must redact from the record the information that is not subject to access. The Open Records Officer must not deny access to a record if information is able to be redacted.

11.6 If the Open Records Officer responds to a requester that a copy of the requested record is available for delivery at the administration office and the requester does not retrieve the record within sixty (60) days of the CSIU's response, the CSIU must dispose of the copy and retain any fees paid to date.

12.0 Notification to Third Parties. When the CSIU produces a record that is not a public record in response to a request, the Open Records Officer must notify any third party that provided the record to the CSIU, the person that is the subject of the record, and the requester. The Open Records Officer must notify a third party of a record request if the requested record contains a trade secret or confidential proprietary information, in accordance with law and administrative regulations.

13.0 Denial of Request.

13.1 If the Open Records Officer denies a request for access to a record, whether in whole or in part, a written response must be sent within five (5) business days of receipt of the request. The response denying the request must include the following:

1. Description of the record request;
2. Specific reasons for denial, including a citation of supporting legal authority;
- 3.. Name, title, business address, business telephone number, and signature of the Open Records Officer on whose authority the denial is based;
4. Date of the response; and
5. Procedure for the requester to appeal a denial of access.

- 13.2 The Open Records Officer may deny a request for access to a record if the requester has made repeated requests for that same record and the repeated requests have placed an unreasonable burden on the CSIU.
- 13.3 The Open Records Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record. To the extent possible, a record's contents must be made accessible even when the record is physically unavailable.
- 13.4 Information that is not subject to access and is redacted from a public record must be deemed a denial.
- 13.5 If a written request for access to a record is denied or deemed denied, the requester may file an appeal to the Pennsylvania Office of Open Records within fifteen (15) business days of the mailing date of the Open Records Officer's response or deemed denial.
- 14.0 Disclosure/Production of Certain Records. The Open Records Officer will forward copies of the CSIU's written responses to records requests to the Executive Director.
- 14.1 Certified Copies. If the Open Records Officer grants a request for access to a record and the requester requests a certified copy of the record for the purpose of legally verifying the public record, the Open Records Officer will provide a certified copy upon payment of the applicable, established fees by the requester.
- 14.2 District Does Not Possess Record
1. A request for a public record that the CSIU does not possess but is possessed by a third party with whom the CSIU has contracted to perform a governmental function and which relates directly to that governmental function must be submitted to the CSIU's Open Records Officer.
 2. If the Open Records Officer determines that the requested record is subject to public access, the Open Records Officer will respond and grant access in accordance with the law, Board policy, and administrative regulation.
 3. The requester will pay the established duplication fee.
 4. If the third party that possessed the requested public record duplicated the record in response to the request, the Open Records Officer will remit the fee to the third party.
 5. The third party is not required to provide access to any other of its records.
- 14.3 Transcripts of Administrative Proceedings
1. Prior to an adjudication becoming final, binding, and non-appealable, a transcript of an administrative proceeding will be provided to a requester by the proceeding's stenographer.

2. To request access to a pre-final adjudication transcript possessed by a stenographer that is subject to disclosure, the requester must directly contact the stenographer and pay the fees assessed by the stenographer.
3. After the adjudication becomes final, binding, and non-appealable, a transcript of an administrative proceeding will be provided to a requester, and the established duplication fee will be charged.

14.4 Trade Secret/Confidential Proprietary Information

1. When a third party provides a record to the CSIU and includes a written statement signed by its representative that the record contains a trade secret or confidential proprietary information, the Open Records Officer will notify that third party of a request for access to that record.
2. Trade secret is defined as information, including a formula, drawing, pattern, compilation such as a customer list, program, device, method, technique, or process that derives independent economic value, actual, or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use and is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software obtained by the CSIU under a licensing agreement prohibiting disclosure.
3. Confidential proprietary information is defined as commercial or financial information that is privileged or confidential and the disclosure of which would cause substantial harm to the competitive portion of the individual that submitted the information.
4. The Open Records Officer will provide notice within five (5) business days of receipt of the request. The third party will have five (5) business days from receipt of the Open Records Officer's notice to provide input on the release of the requested record.
5. The Open Records Officer will provide access to the record or will deny the request for access within ten (10) business days of providing notice to the third party and will notify the third party of the Open Records Officer's decision.

14.5. The Open Records Officer may exercise discretion and make an otherwise exempt record accessible in response to a request. The exempted record will be made accessible for access and duplication, in accordance with law and Board Policy, if all of the following apply:

1. Disclosure of the record is not prohibited by federal or state law or regulation, or by judicial order or decree;
2. The record is not protected by privilege, to include attorney-client privilege, doctor-patient privilege, speech and debate privilege, or other privilege recognized by a relevant court; and

3. The Executive Director determines that the public interest favoring access outweighs any individual, CSIU, or public interest that may favor restriction of access.
