The CSIU is pleased to offer its member districts and CTCs a solution to delivering robust and individualized online student courses: eToole Virtual Learning.

The online learning academy provides school administrators with flexibility to choose from a number of available courses, as well as provide a vendor, CSIU or district-designated teacher.

Wraparound services are also offered to help ensure student success. From free online assessment and survey tools and individualized professional development supports and help desk services, the CSIU’s eToole Virtual Learning program is designed to meet the needs of both districts and students.

eToole Virtual Learning Services & Support
Membership has its benefits. Universal and targeted district supports including leveraging the power of professional learning communities, offering customized scopes of work including quality assurance pathways and district administrative team planning, focused on supporting National Standards alignment and fostering excellence. Grounded in research based, best practices, our community is here supporting your community. Teachers and administrators engage in collaboration around problems of practice and our technical supporting team is here when you need it. We are more than access to courseware providers; we are academic partners located in your community engaging in innovative work to support quality online teaching and learning.

Consortium cost benefits with local support and trusted expertise.
eToole Virtual Learning membership affords CSIU districts access to expanded course offerings, instructional services and district teacher of record options at significantly reduced rates to support instruction online.

(570) 556-8507 • jgurski@csiud.org
The Department of Online Learning prides itself in providing excellent customer service and believes wraparound support and educator collaboration build academic communities focused on student success where continuous program improvement is fostered. As districts continue to navigate the future of schooling and reimagine learning, the CSIU’s Department of Online Learning’s eToole Virtual Learning program is here to support district administration, instructional support specialists, advisors and teachers with quality supports to navigate blended and online learning programming as districts assess teaching and learning impacts affected by the COVID-19 pandemic.

THE FOLLOWING CORE VALUES ARE OUR COMMITMENT TO YOU.

• Provide high quality customer service and technical support as a core priority to district online learning teams.
• Provide a regional solution for full and part time virtual learning, including development of online educator best practices aligned to National Standards for Quality Learning in program and course development.
• Leverage the power of professional learning communities, through collaboration with local, state and national Distance Education Leaders to build a strong regional online learning collaborative.
• Engagement in planning focused on partnerships for continuous Improvement through research based and evidence-based practices.
• Support students’ continuity of education, with universal and targeted support.
• Provide districts with a trusted educational partner to engage in best practices for blended and online learning.
